

# Stay Connected with the GoMLS App

GoMLS is a mobile app that extends your MLS account to your smart phone or tablet. With GoMLS agents can search listings, access Realist Tax data, and view maps, photos and driving directions when on-the-go.

More important, when agents share the app with their clients, a new world of instant collaboration opens up, taking client care to the next level!

- **FULL MATRIX INTEGRATION** means access to saved searches, as well as the ability to view and sync contacts, and edit key fields for listings
- **QUICKLY SHARE LISTINGS** via text, email, Facebook and Twitter
- The app is **PERSONALIZED TO YOU**, with your photo and contact information; easily share the branded app with clients
- **ONCE CONNECTED** with clients you can share listings, view clients' favorite listings, exchange real-time texts, and schedule viewings

## 4 Easy Steps

### 1 GET IT

Download the GoMLS app on your mobile device from the App Store or Google Play. Select Real Estate Information Network as your MLS.

### 2 BRAND IT

Log in with your multiple listing credentials and the app pulls up your photo and contact information from Matrix. It's instantly branded to YOU.

### 3 SHARE IT

Share the app via social media networks, email and text. With one link, clients can download your branded app with YOU as the primary MLS contact.

### 4 WORK IT

All clients appear within your app when they install and login. You can begin working with clients by messaging, sharing and viewing favorite homes.
